Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A Certain Point of View contains a compilation of Star Wars fanfiction written by the author while in college. The purpose of publishing it is simply to give the world a view at different ideas coming from the Star Wars universe - there is an existing amount of Star Wars fiction, often which is discarded when the movies decide to take a different route, so this would be similar to that. The majority of the stories in this work contain adult themes: language, homosexual relationships, incest, and male pregnancy. It is not something that everybody is going to enjoy, however there is a large group of people out there who enjoy slash fanfiction , so this book is written for them. The stories included in this book were all written in 2010, and originally published online, so they may have been read previously in the past. The primary relationship involved in these fanfics is Luke Skywalker and Wedge Antilles, a fictional romantic relationship that is not approached by many (the author has one of the largest collections of Luke/Wedge works on the web), however is reviewed positively whenever it is written.
