Brand New Book ***** Print on Demand *****.The Education is much more a record of Adams s introspection than of his deeds. It is an extended meditation on the social, technological, political, and intellectual changes that occurred over Adams s lifetime. Adams concluded that his traditional education failed to help him come to terms with these rapid changes; hence his need for self-education. The organizing thread of the book is how the proper schooling and other aspects of his youth, was time wasted; thus his search for self-education through experiences, friendships, and reading.
